BLOCK Fest™ Exhibit – Requirements Overview

20' x 40' SPACE REQUIREMENTS: BLOCK Fest™ consists of five block building stations, each of which requires an 8' x 10' space, with 3' to 4' space between stations. A complete Exhibit Manual included in the exhibit outlines all the set-up details.

CAPACITY: To assure the safety of the participants, no more than 30 participants (children plus their parents/accompanying adults) should be using the exhibit at any one time. It is recommended to schedule one hour time slots for groups, with a 30 minute clean up and exhibit/volunteer refreshing be allowed for between groups.

VOLUNTEERS NEEDED:

- Set-up and inventory: 2 to 3 people for about 1½ hours.
- Station attendants: 5 people – 1 volunteer per station to monitor and facilitate child and adult's play and learning. Small groups (fewer than 20 children) can get by with fewer volunteers.
- Take down, inventory and pack up: 2 to 3 people for about 1½ hours.

EVALUATIONS: To be accountable to this contract agreement, we ask that all programs offer the Parent Feedback cards to participating adults and return the completed cards to our office. Parents complete the card in just 2 to 3 minutes after they participate in BLOCK Fest™. It is available electronically and is also included in the Exhibit Manual. They can be printed on a 5½" x 8" card. The Twiga Foundation will tabulate the results and send them back to you.

HOST RESPONSIBILITIES: Please keep and return the BLOCK Fest™ exhibit components in **EXCELLENT condition**. It is the responsibility of the host organization to return all pieces of the BLOCK Fest™ exhibit **clean, in excellent condition and packed per the instructions**. The host organization will submit a report (pre-inventory) of the exhibit condition when they receive and unpack it. It must be faxed upon receipt of exhibit, and another report faxed when it's packed up. If pieces are missing or damaged when the exhibit is received, the host site should contact the office immediately to see if arrangements can be made to replace the parts before using the exhibit. Programs will be sent an invoice for any damage up to \$50 beyond normal wear and tear.

INDEMNIFICATION: Requestor shall, at all times during the term of this Agreement and thereafter, indemnify, defend and hold Twiga, its governing board, employees, and agents harmless against all claims and expenses, including legal expenses and reasonable attorneys fees, arising out of the death of or injury to any person or persons, or out of any damage to property and against any other claim, proceeding, demand, expense and liability of any kind whatsoever resulting from the production, manufacture, sale, use, lease, consumption or advertisement of BLOCK Fest™ IP arising from any right or obligation of Requestor hereunder.

TRACKING YOUR SUCCESS: Upon completion of the exhibit, we require the host site to complete a brief Event Summary feedback form (included) with totals of the number of children and families reached.

TRANSPORTATION: The host organization must arrange for transportation of the BLOCK Fest™ exhibit to/from their site in a secure manner. A minivan with all back seats removed, a step van, or a large pickup with a shell on top can accommodate the exhibit (7' x 3' x 4', approx. 100 cubic feet). Open trucks are not acceptable for transport. Whenever possible, host sites must have safe, secure storage for the exhibit before and after they use it.

BLOCK FEST™ RESOURCES: The BLOCK Fest™ Exhibit is available to programs for a \$250.00 user fee plus shipping or transportation costs. This fee is necessary to help maintain the condition of the exhibit and coordinate its travel. The purpose is to help programs provide a fun, early math and science learning experience to young children and families in their PAT programs and communities. Each host program is responsible for:

- A \$250.00 user fee
- Proof of liability insurance for your event
- Transportation of the exhibit to and from your community.
- Staffing for set-up, implementation and pack-up of the exhibit
- Publicizing their event
- Completing pre- and post-inventory forms
- Submitting Parent Feedback cards
- Submitting Event Summary forms

HANDBOOKS: *'Playing and Learning with Blocks: A Handbook for Parents and Caregivers'* was developed by the University of Idaho PAT for parents to use with the exhibit and to extend lessons learned from BLOCK Fest™ into their homes. This full-color booklet is comprised of 6 double-sided large cards that are bound into a handy reference tool. It gives tips on block learning in the areas of math, science, literacy and general knowledge; the stages of block play and the parent role in block play. This attractive book takes care of the need for multiple handouts that are costly and often thrown away. Provide one to each family.

Handbooks are available in English and Spanish and English/Spanish combo book. The handbooks can be ordered on the Merchandise Order Form at www.twigafoundation.org.

Please send a check for \$250.00 for the user's fee to:
